

DIMENSIONS

The Barn

- Barn: 50'W x 70'L; 10' between upright poles separating the Main Bay from side bays. Main Bay approximately 22' wide and each side bay is approximately 12' wide.
- Farm tables: 40"W x 96"D x 30"H; seat 8 total per table, 4 on each side
- Dessert table w/ wine barrel base: 96"W x 27"D x 39"H
- Bar top: (L shape with main length facing the front of the barn) 105"W, 81"W x 18"D x 39"H
- Bar blackboard: 72"W x 46"H, excluding each decorative wine barrel which are 21"D
- DJ Booth counter surface (L shape with longer length facing barn doors): 69"W, 59"W x 22"D x 39"H
- Round side table (between the two pink chairs at barn entrance): 30"D, 29"H
- Wine barrels (2 located in front of the main barn doors): tops are 20" diameter

The Ceremony Patio

- Ceremony Patio: 46'W x 60'L
- Aisle: typically 50' long (with 150 ceremony chair setup) x 6' wide. If you are trying to determine your custom aisle length, use 6 chairs on each side of the aisle for a total of 12 per row. Each chair needs approximately 18-24" of space plus 2' in front and behind it for movement between rows. So, a 50 person wedding would likely have 5 rows of chairs for a total of 60 chairs (to make the rows even, otherwise there would be empty spots where it looks like chairs should go). The aisle between the rows of chairs would be approximately 20'. And if you have space and want a longer aisle, just reduce the number of chairs per row.
